

## 2019-2020 Uniform Changes

Starting with the 2019-2020 school year, the following changes will be made to the Uniform & Dress Code:

- **Pants:** Students will have the option of wearing khaki pants in addition to navy blue and black pants. The style of cotton-twill pants must still adhere to the description in the 2018-2019 Student-Parent Handbook, including no tight or form-fitting pants and no excessive pockets on the pants. Students may purchase these pants at the store of their choosing.
- **Uniform polos:** Students will have two options for uniform polos, the current white polo shirt and a new navy blue polo shirt. The current light blue polo will be allowed through the 2021-2022 school year. The uniform polo shirts can only be purchased at RiverCity Workwear.
- **Uniform pullovers:** Uniform sweaters are being phased out and replaced with a three-quarter zip pullover in gray or navy blue. The pullovers come in two styles. One is a heavy cotton for colder months, and the other is an Under Armour quick-drying pullover. The uniform pullovers can only be purchased at RiverCity Workwear. Sweaters can be worn through 2021-2022.

The light blue polo and sweaters will be available at RiverCity Workwear at a discounted price until the inventory is depleted.

Student input was sought prior to the final decision on the new uniform guidelines.
