

# PROVIDENCE

---

August 21, 2020

Notice to our Publics,

This month, Our Lady of Providence High School continues the program to monitor and improve indoor air quality (IAQ) in our school. We are proud to be taking a leadership role in providing a safe, comfortable, and productive environment for our students and staff so that we achieve our core mission—educating students. Our school will utilize guidance provided by the U.S. Environmental Protection Agency to prevent IAQ problems and respond to any IAQ issues that may arise.

Our Facilities Manager, Toby Wright, administers the IAQ program in our school. If you have any questions or concerns, please do not hesitate to contact Toby at (812) 945-2538 Ext.327, [twright@providencehigh.net](mailto:twright@providencehigh.net)

The school newsletter and website will carry progress reports as we learn more about IAQ in our school.

Respectfully in Christ,

*Dr. Melinda K. Ernstberger*
