Dear friend of Providence,

I hope this message finds you and your loved ones safe and healthy during this time of uncertainty. It is a privilege and honor to be the new president of Our Lady of Providence High School. When I accepted this position in August, I knew this role would come with many exciting opportunities and challenges. The COVID-19 pandemic has not only led us to educate our students in unique and creative ways but has also caused us to change the ways in which we address fundraising efforts to help with tuition assistance. This year, being mindful of those in our community, we have decided to host our ASAP event **virtually**.

Each year, the ASAP event relies on supporters like yourself to faithfully step forward and generously give. Your gift ensures that those students who desire a Providence education but need financial assistance can obtain the funds needed. Currently, 56% of our student body is receiving financial aid. Of that 56%, nearly half of these families have expressed a greater need due to job loss or a significant reduction in income. That is why your financial gift is needed now more than ever. This year, with the uncertainty of hosting an in-person Gala, we kindly ask that if you are inclined to give to both the ASAP Dinner and Gala, that you consider giving a one-time gift now.

I would like to personally thank you in advance for your consideration of a gift. Your generosity, as always, is a blessing to our students and will allow us to continue providing an exemplary Catholic education to our families in need.

May Our Lady continue to bless you and your family and keep you under Her watchful care.

Your servant in Christ,

Victor S. Beeler '94  
President
